UI/UX DESIGNER

HI! I'M CHAYAWAN THAWEESAKSIRI
(CHERRY WIN)

An UI/UX Designer, illustrator, foodie, and volleyball enthusiast from Myanmar currently based in Japan. I am passionate about creating visually enticing designs that connects with users. I believe that understanding different user perspective is the key to making a people-first design that can be accessible to everyone.

EXPERIENCE

FUTURE ROLE
Your Company

PRODUCT DESIGNER (FREELANCE)
Gochiso Inc. - Japan (Remote)

FEB 2023 - SEPT 2024

· Audited 100+ screens to identify design inconsistencies, developing scalable, auto-formatting components with color and font tokens to streamline reuse
· Built a design system standardizing 30+ colors and fonts with clear usage guidelines to improve asset organization
· Created design guidelines detailing component sizes, interactive states, and best practices to ensure consistency across future projects
· Contributed to the app's UI overhaul by assisting in updating designs throughout each development stage, aligning visuals with the product's evolving requirements

JUNIOR UI/UX DESIGNER
Adgorithmics Inc. (Alphame Project), Singapore (Remote)

JUL - SEPT 2024

· Enhanced UI consistency across existing and new screens by refining layouts and components to align with shifting app goals
· Conducted competitor research and user interviews on SDGs certification requirements, translating insights into design improvements
· Addressed unclear design workflows by creating documentation to streamline communication between design and development teams
· Iterated on designs based on user feedback and product updates, improving usability and visual coherence

PE TEACHER, ART CLUB SUPERVISOR
Urawajitsugyo Gakuen Junior High school, Japan

JAN 2022 - PRESENT

Oversee monthly activity plans for high school art club, and acts as an advisor for students focusing on critique sessions.
